Product offered –

Lactive is a bioactivated form of lactoferrin. It is a patented mixture of peptides.

Born from the observation of the extraordinary mechanism by which babies, thanks to natural enzymes, generate synergic peptides **from breast milk, creating an active self defence.**

Lactive shows a **SELECTIVE ANTIFUNGAL** and **ANTIBACTERIAL ACTIVITY**, thus gaining an **ANTIMICROBIAL** effect with simultaneous outstanding **PREBIOTIC** effect It has overall a **MICROBIOME ENHANCER PREBIOTIC, ANTIAGING, LENITIVE, SEBUM REGULATING ANTIODOUR, ANTI DANDRUFF, ANTIMICROBIAL** activity.

Hi-Q

Hi-Q marine, established since 1998, they provide high quality **marine biotech** ingredients.

FucoSkin (INCI - **Laminaria Japonica Extract**) - Fucoidans are sulfated polysaccharides that contain high levels of L fucose and are mainly found in brown seaweeds. It acts as an anti aging and anti wrinkle active that hydrolyses the fucoidan from Laminaria Japonica with powerful antioxidant properties. It inhibits UVB induced MMP expression and are good inhibitors of the dermal remodeling enzymes called matrix metalloproteases. It is water soluble, and preservative free.

Trautec is a synthetic biology company that produces collagen through yeast fermentation. They have successfully achieved mass production of collagen Type I, II, III, and XVII through the R&D team of nearly 70 researchers. Products offered are as follows-

1. **SRHC Type III (Patented)**
2. **SRHC Type XVII (Patented)**
